For Military Family Relief, To Support

The Injured Marine Semper Fi Fund (IMSFF), founded in 2004, offers financial assistance and support programs to Marines and Sailors who have been wounded in combat or during training, or who are suffering from life threatening illnesses. The Injured Marine Semper Fi Fund has and continues to offer these recovering Marines, Sailors and their families, financial support to ease the financial burden during hospitalization, recovery and beyond. The IMSFF also assists with therapeutic arts, specialized equipment, home and vehicle modifications, financial assistance as they transition back into their communities and new career paths, and a sports program to motivate beyond recovery. **TAX ID#: 26-0086305**

The Navy-Marine Corps Relief Society's mission is to provide Navy and Marine Corps service members (including retirees and reservists on extended active duty) and their families with financial, educational and other assistance in the form of interest-free loans and/or outright grants. Since the war on terrorism began, the Society significantly expanded its Visiting Nurse program to provide long-term case management for injured Marines and Sailors. These Registered Nurses provide ongoing, face-to-face follow-up to Marine Corps and Navy personnel and their families affected by the service member's war-time service in Iraq, Afghanistan and the Arabian Gulf. They are now following more than 560 combat casualty families. **TAX ID#: 53-0204618**

Individual Sponsorship Program

“Pledge For Birdies”

Last year, the golf tournament hosted by **The Columbia Group** registered 210 birdies with 154 players. With an expected field of 216 golfers, we anticipate somewhere in the range of 225-400 birdies (a score of one stroke under par on a hole) to be hit. Individuals or companies can participate in the “Pledge For Birdies” Program by pledging online. Payment is due after the tournament.
